Dear Company HK adVaNce gGmbH,  
Namaste!

Your sponsored child, Bishal Thapa is too young to write this letter by himself. So, I his mother, Susmita Thapa is writing this letter on his behalf. Bishal and our whole family are all well here. We wish for you and your family member's wellness. We received your gift i.e. Postcard with message. We want to thank you for that very much.

Bishal is studying now in class 1. He likes to go to school. He likes to eat juice, pomegranate, biscuits, and mango. He likes to play and watch T.V. He also likes kids (of goats). That's why we have kept she-goat in our house. The forests are surrounded around our house and we can see mountains from our house. The dusk and dawn are cold here but the afternoon is very hot. What is the season in Germany? Which is your favorite season? What do you do in Germany?

That's all for today. We want to thank you for supporting us and our community. We will be looking forward for your support and your letter soon.

Thank you,
